

MD JABER AHMED

Full Stack Developer

Shonir Akhra, Dhaka | www.jaberdevhub.com | 01533456483

SUMMARY

Passionate Full Stack Developer with hands-on experience in building responsive, user-friendly websites and web applications. Skilled in HTML, CSS, JavaScript, React.js, and basic Node.js backend development. Experienced in delivering projects ranging from portfolio sites to production level applications, with a focus on clean code and modern web technologies.

PROFESSIONAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React, Bootstrap, Tailwind CSS

Backend / Database: Firebase (Auth, Firestore, Hosting), MongoDB, Node.js

Tools & Deployment: Git/GitHub, REST APIs, Netlify, Vercel

PROFESSIONAL EXPERIENCE

Revupsound.com

Mar 2025 - Sept 2025

- Worked on front-end design tasks including UI layouts, card components, and responsive elements for revupsound.com.
- Contributed to improving user experience through clean and modern design implementation.

PROJECTS

CineFlow - Movie Streaming Subscription

- Secure User Management: Login, registration, profile updates, and password reset via Firebase Authentication.
- Protected Access & Navigation: Private routing to safeguard user-specific pages and subscriptions.
- Subscription & Reviews: View category details (info, price, reviews) and allow users to write/read reviews for each subscription box.

Help-Hive - Social Development Events Platform

- Event Management & Discovery: Users can create, view, update, delete, and search events by category.
- Secure Authentication: Registration and login with email/password or social media accounts.
- My & Upcoming Events: View events the user has created or joined, along with all upcoming events.

Digital Nirbachon – Online Election Website

- Secure Authentication: Google login using Firebase Auth in a React + TypeScript app.
- Voting System: One-user-one-vote logic with real-time submission using React Hooks.
- Election Parties: Symbol-based candidate selection UI built with React and Tailwind CSS.
- Vote Tracking: Duplicate vote prevention with confirmation via protected routes.

EDUCATION

Bachelor of Business Administration(BBA)

- Department of Management
